SPOKANE VALLEY CITY COUNCIL TUESDAY, MAY 26, 2026 | MEETING RECAP

This week's Spokane Valley City Council meeting began with an invocation, the pledge of allegiance and approval of the following meeting agenda.

General Public Comments

Each week, community members have an opportunity to address Councilmembers for up to three minutes during the General Public Comment period, either at the beginning or end of each meeting, either in person or via Zoom.

ACTION ITEMS

#1 – Consent Agenda

The Council unanimously approved the consent agenda, which included vouchers for paying city expenses and payroll and minutes from the following Council meetings: April 7, 2026, April 14, 2026, April 21, 2026, and April 28, 2026.

#2 – Construction Contract Award for 2026 Local Access Project – CIP #0384

In May 2022, the Council decided to allocate an annual portion of solid waste revenues to a new unit-price bid contract for pavement preservation. Staff described how this method differs from typical capital improvement projects (CIP). The 2026 Local Access Project will replace pavement and improve stormwater facilities for local access streets on multiple blocks in the Aloha East area and cul-de-sacs in the Ridgemont/Vera Crest neighborhood. Staff summarized the bid process and reported that the lowest responsive and responsible bidder was Inland Asphalt, with a bid that was 23% under the engineer's estimate. The bid tabulation was included in the packet.

A motion to award the 2026 Local Access Project – CIP #0384 construction contract to Inland Asphalt Company in an amount not to exceed $1,800,000 and authorize the City Manager to finalize and execute the construction contract passed unanimously.

NON-ACTION ITEMS

#3 – 2026 Transportation Improvement Program (TIP) Amendment #1

The Council adopted the 2026-2031 TIP on June 17, 2025. The TIP is composed of transportation projects to be implemented within the next six years within the city. Periodically, amendments to the adopted plan are required. A list of the proposed updates for projects specific to TIP year 2026 was included in the packet. This includes existing projects with new funding sources, revised project phasing and adding new projects. This topic will be presented again at the June 16, 2026, TIP Amendment Public Hearing and presented to the Council as a proposed resolution.

#4 – Draft 2027-2032 Six-Year Transportation Improvement Program (TIP)

A TIP is a plan of transportation projects scheduled for implementation in the city within the next six years, to be used as a guide for carrying out a coordinated transportation program and a statement of Council support for the projects included in the TIP. There are 41 projects in the proposed 2027-2032 TIP, which include many project types, including bridge, intersection, reconstruction, preservation, pedestrian/bicycle, safety, stormwater, etc. Details of each project were included in the packet. A public hearing for the TIP is scheduled for June 16, 2026, along with Council's consideration for approval of a resolution to adopt the TIP.

Staff summarized the TIP development process: once the TIP is approved by Council, staff will begin pursuing project funding through various funding programs.

#5 – Bid Award for the 32nd Avenue Preservation, CIP #355

This project is designed to replace the deteriorating pavement on 32nd Avenue from Pines Road to State Route 27. It also includes stormwater improvements, ADA upgrades and Intelligent Transportation System (ITS) installation. Model Irrigation District No. 18 needs a new water main installed within the project and has requested the work be performed as a component of the roadway project contract to minimize traffic disruption and save cost. The water main work will be identified as a separate bid schedule, as an additive alternate, in the construction bid documents. Due to project's proximity to three public schools, construction is scheduled to take place during Central Valley School District summer break. The planned bid opening is June 3, 2026, and the request to award the bid is scheduled for June 9, 2026.

OPERATION DOG TAG
DOGS 4 VETS BY VETS

OPERATION DOG TAG

OperationDogTag.org

Joe, I pray this is just the beginning of a role that I might play in your efforts with Operation Dog Tag to help our veterans.

I can't imagine or try to put myself in their shoes, but I do know the pain of isolation from depression, anxiety, post traumatic stress, a brain injury, and of the healing power of dogs.

I believe strongly in what you are doing at Operation Dog Tag and am excited for the veterans you are helping.

Your work will always be in my prayers.

Cathy Endres

I hope you all had a great Memorial Weekend. I was glad to see good weather for all the families that came over to visit the many great places here in Eastern Washington. The highlight of my last week was a trip to the Snake and Palouse rivers.

Late last winter Leon Stattford, of Riverlife guide service, invited me to come down to the Snake River to fish for walleye, and I finally made it last week. My friends James Lebow and Ryan Harris and I met Leon at the Texas Rapids Recreation Area and then ran up to a spot below Little Goose Dam. Here we trolled a variety of crank baits for walleye. We didn't have to wait long to put the first walleye in the boat. Snake River walleye are of exceptional quality, and we landed fish that ranged in size from 15 to over 20 inches. The Snake is loaded with smallmouth bass, and we got a bunch of them while trolling crank baits. One of the options we talked about on this trip was exploring the Palouse River, and Leon was eager to show us this scenic area. He told us that the larger walleye had moved out of the Palouse to the Snake, but he assured us that we would catch a few, and we did. We also caught a lot of smallmouth bass, perch and even bluegill. The Palouse River gorge is one of the most scenic places I have fished in the state. If you Follow me on Facebook and subscribe to my YouTube channel you will see that I have posted the video of the trip. It is also on my Instagram site. This week's photo is of Leon and me with a few of the walleye we landed on the Snake River.

Free Fishing Weekend returns to Washington June 6–7, offering an opportunity for people across the state to fish for many species without buying a license. Licenses are still required to fish for or harvest salmon, steelhead, sturgeon, halibut, and all shellfish. All other fishing rules and regulations still apply. "Free Fishing Weekend gives people an easy entry point into fishing," said Kirt Hughes, Washington Department of Fish and Wildlife (WDFW) fish management division manager. "You don't need to be an expert or own a boat to get started. There are lakes, shorelines, and fishing piers across the state where people can get out and give it a try." Some of the best statewide opportunities for Free Fishing Weekend include rainbow trout, largemouth and smallmouth bass, yellow perch, and other game fish in lakes. In 2026, WDFW staff are stocking 15.5 million trout and kokanee in more than 500 lowland lakes statewide. Anglers can find trout stocking information on WDFW's website. Lake-fishing anglers can also participate in the Trout Derby, with tagged derby trout stocked in more than 100 lakes and hundreds of prizes available. To see if a lake near

you has been stocked with tagged trout, visit the WDFW website and the Trout Derby page. Also, keep an eye out for special events that some communities and local fishing organizations sponsor on the Free Fishing Weekend every year.

Once again the Quincy Valley Chamber of Commerce conducted a very successful Pike Minnow derby last weekend. Cat and her crew of volunteers ran the event like the veterans that they are, and the participants all had a great time. As everyone gathered on the deck and dined on the Tower Pizza that was provided as being part of the event, the results were being tallied. Nate Derrik, from Grant County PUD addressed the group and thanked them for their efforts to remove as many pike minnows as possible from the Columbia River. He reminded everyone that these predators feed on the salmon and steelhead smolts, and how important it is to the future of our fisheries in our region. There was a good representation of experienced pike minnow anglers and those new to the pursuit. There was a round of applause as each winner of the youth and adult categories went to claim their prizes. Awards were handed out for the Longest Fish, Shortest Fish and Heaviest Weight turned in. The list of the winners, including the grand prize of a Polaris side by side, from Chet's Honda-Polaris, can be viewed on Quincy Chamber's Facebook page.

Recently, my friends and I wanted to stock up on triploid rainbow trout for the smoker, so we traveled to the middle net pens on Rufus Woods. James Lebow launched his boat here and drove it up to his favorite spot at the upper pens. The plan was to get our fish and get back home early, so we started fishing with Power Bait. I got a fish pretty quickly, but the bite was so slow we decided to troll down below the pens with bottom bouncers and spinners with worms. This has produced both walleye and trout in the past, and Tyler Bergquist landed a 20-inch walleye below the middle pens. We checked out the last set of pens, and didn't mark anything, so we headed back to where we started. It wasn't a spectacular day of fishing, but we all measured our fish for the Rufus Woods Roundup fishing contest. We will also be able to enter our Method in the latest Mission, telling what we used to catch our fish. You can learn more about the Rufus Woods Roundup on the Anglers Atlas website, and you will want to get the MyCatch fish app on your phone and sign up. You could win a fifty dollar gift certificate in a variety of ways during the Rufus Woods Roundup.

The first question that people ask me when I see them when I am out and about is where have I been fishing lately. The second question is when do I get my new boat from Marks's Marine, in Hayden, Idaho. Well, I will know more about that later this week. I am traveling to Clarkston, Washington to visit the Thunder Jet plant, and I will get to see the Thunder Jet Luxor in construction. It will be a great opportunity to meet the folks that build these boats and actually see how they are put together. I want to again thank Mark's Marine and Thunder Jet for partnering with me to keep me on the water so I can continue to provide current information on the wonderful fishing opportunities throughout Eastern Washington and Northern Idaho.

SEPTIC SYSTEMS – NEW REGULATIONS

When was the last time you pumped your septic system? I bet you haven't thought about it for a while! It's easy to just flush the toilet and forget about it. Most experts say that it is wise to pump your septic tank every two to three years, depending on usage. If you have a very large family, you may want to consider a more frequent pumping schedule.

In most cases, when a rural home is sold, it is the responsibility of the seller to have the septic tank pumped and certified. The certification document usually states one of three things: 1) readily accepting effluent, 2) slowly accepting effluent, or 3) not accepting effluent. This wording indicates the general working condition of the septic system, which is essentially a mini sewer treatment plant. This certification usually costs around $800–$900 unless the tank must also be located or dug up. In those cases, the costs can be significantly higher.

Starting February 1, 2027, before a property with a septic system can be sold, the local health districts will require that a Property Transfer Application and an Inspection Report be submitted. The goal of these new regulations is to protect public health by evaluating septic systems, identifying and repairing failing systems, locating unknown systems, and making records available to the public.

Septic pumpers will now require certification to pump and inspect septic systems. Once the system has been pumped and inspected, a drawing of the system will be created if one cannot be found, and the application and inspection report will be submitted to the district. If deficiencies are noted during the inspection and have not been corrected, the district may issue a report documenting those deficiencies. A new application will need to be submitted once repairs have been completed. These reports will be made available to the public.

If you are not selling your home, you are not off the hook! The new regulations will also require all homeowners to conduct routine inspections of their septic systems and submit the inspection reports to the health district. Homeowners may perform their own inspections if it is not part of a sale. These inspection reports will be required annually for pressurized systems and every three years for gravity systems.

As real estate professionals, we hope that these additional regulations will not become a burden on homeowners, but instead help buyers and sellers better understand the condition of a septic system, just as they would with any other major system in a home.

SNEVA MEMORIAL BACK FOR 12TH TIME AT STATELINE

The Sneva brothers back in 1970 (L-R): Jan, Jerry, Tom and Edsol (Babe). The legacy of the family will be honored this weekend at Stateline Speedway. File photo

STATELINE, Idaho — For the 12th consecutive year Stateline Speedway will honor Spokane's first family of speed, with the Sneva Memorial, May 29 and 30.

Six classes of open wheel cars, among them including Inland Wing Sprints, Nostalgia Modifieds and WMRA midgets will pack the pits with over 100 cars.

"We were out of pit space last year," said TJ Sneva, son of the late Jerry Sneva and a driver himself, said on a KHQ-TV interview. "Pretty special, cool that it's grown," Sneva added.

Friday racing starts at 5 p.m. and 4 on Saturday.

"This is a way to honor the legend of the Sneva family and the support from them to continue the dream alive with motorsports alive in the community and the region," Stateline Speedway said in an email statement.

Tony Berry is a longtime driver who will be behind the wheel of cars in two different classes.

"The Sneva event is always the marquee open wheel event in the area and I'm thrilled to be able to participate in it again this year in both a WMRA midget and making a maiden voyage in a Can Am sprint car," Berry said in Facebook Messenger..

"I was able to win the inaugural event in a winged car and hoping to follow up this year in the Seidelman Racing #2 midget and 55 Can Am car," he added.

WENATCHEE 200 FEATURES KEVIN HARVICK | From WVSO Media

NASCAR Cup driver Kevin Harvick will do a little old-fashioned barn storming Saturday at the Wenatchee Super Oval. NASCAR photo

EAST WENATCHEE, Wash. — One of the Pacific Northwest's biggest short track events is set to take center stage on Saturday, May 30, as Wenatchee Valley's Super Oval hosts the richest one-day short track race in the West — the $25,000-to-win Plumb Perfect Wenatchee 200 Presented by GESA Credit Union.

Headlining the blockbuster event is NASCAR Cup Series Champion Kevin Harvick, who will make his highly anticipated return to the Pacific Northwest racing scene aboard the No. 29 entry. Harvick's appearance has generated national attention for the East Wenatchee quarter-mile and has quickly turned the Wenatchee 200 into one of the premier short track events on the West Coast.

The Wenatchee 200 will feature a stacked field of regional champions, marquee winners, rising young stars, and veteran Northwest legends battling for one of the biggest purses in western Super Late Model racing.

"This event has truly turned into something special," said WVSO General Manager Jeremy Anders. "To have Kevin Harvick racing here, combined with the depth of talent coming from across the Northwest and beyond, makes this one of the strongest fields we've ever assembled at Wenatchee Valley's Super Oval. Fans are going to witness an unforgettable night of racing."

Among the headline names entered are defending Wenatchee 200 winner Owen Riddle of Naches, Washington, who has captured nearly every marquee Super Late Model race in the Northwest, including the Montana 200, Apple Cup, Fall Classic, and Summer Showdown.

Also entered is Quincy, Washington's Kasey Kleyn, the reigning Northwest Super Late Model Series champion and Fall Classic winner, who recently signed a deal to begin NASCAR Truck Series competition.

Past Wenatchee 200 winner Kole Raz of Lake Oswego, Oregon returns looking to add another signature WVSO victory to his résumé after becoming one of the top young stars in Northwest Super Late Model racing.

Another former Wenatchee 200 winner, Evan Goetz of Okanogan, Washington, is also entered and looking to defend home turf against one of the deepest fields assembled in event history.

Fans will also see Bakersfield, California's Tayler Mayhew, the current CARS Tour West points leader, who has quickly become one of the top contenders on the West Coast Super Late Model scene and enters Wenatchee carrying major momentum into the $25,000-to-win showdown.

Spokane's Haeden Plybon returns to Wenatchee looking to add another signature victory to his résumé after earning multiple major wins at WVSO, including two Leonard Evans Memorial victories and a Northwest Super Late Model championship.

California standout Dylan Zampa has also officially entered the Wenatchee 200. The Napa, California driver has quickly become one of the rising stars of West Coast Super Late Model racing and adds even more firepower to an already loaded field.

The field also includes national and regional standouts from Washington, Oregon, Idaho, North Carolina, Montana, California, Colorado, and Arizona, showcasing the growing reach of the Wenatchee 200.

NW MOTORSPORTS Report
"Going fast is your job...Telling people about it is ours...!"

Katherine Legge prepares for her run at the Indy 500 in the morning and would complete what is known as a "Double" racing at Charlotte in the NASCAR Coca Cola 500 later in the day. NASCAR photo

LEGGE FIRST WOMAN TO RUN BOTH INDY 500, COCA COLA 600

By Holly Cain; NASCAR Wire Service

Charlotte, NC (May 25, 2026) — On a race day ultimately demanding as much perseverance as endurance, British driver Katherine Legge became only the sixth driver – and first woman - in racing history to compete in both the Indianapolis 500 and NASCAR's longest race, the Coca-Cola 600 at Charlotte Motor Speedway on the same day.

A heavy rain shower forced the early end of the Coke 600 - 27 laps shy of its 400-lap scheduled distance to bring out the final checkered flag for Legge, whose No. 78 Live Fast Motorsports Chevrolet was scored 31st in the 39-car field.

Despite her laps-down finish at Charlotte, Legge, 45, joins an elite and impressive list of drivers in her historical work in the Memorial Day "Double" in what was clearly an emotional and eventful day for both starting grids.

As happens in racing, the veteran had to deal with circumstances she could anticipate and also those out of her control. She was scored 33rd at the Indianapolis 500 after being collected in another driver's early race accident, but showed great resiliency in answering that with her 31st place finish in the 39-car Charlotte 600-miler – only her ninth career NASCAR Cup Series race and first at the 1.5-mile Charlotte Motor Speedway.

Legge joins an esteemed list of talented drivers to complete the Memorial Day "Double," including Robby Gordon, Tony Stewart, Kurt Busch, Kyle Larson and the late John Andretti. The NASCAR Hall of Famer Stewart boasts the best overall "Double" day with a sixth place at Indianapolis and a third place at Charlotte in 2001.
